Personal statement

I obtained a Bachelor's degree in General Accounting and a Master's degree in Accounting and Finance from the Islamic University of Gaza. My practical experience in the field of accounting began in 2001, where I worked as an accountant in several major companies and rose through the ranks until I became head of the Financial and Administrative Control Department, Rafah Branch, at the Gaza Electricity Distribution Company. With the experience I have, I seek to work in a position that suits my experiences and skills as head of the accounting department, auditor, or other positions that are compatible with my experiences with a professional team to achieve the best possible performance.
